## *Editorial*

At the end of June the quality committee for the 'Plus Beaux Villages de France' association gave us their decision. We are very proud that Monflanquin will remain listed as one of the 'most beautiful villages in France'. The extra visitor potential associated with this label is estimated at 30%. The next assessment will take place in 6-8 years time. I would like to thank all the councillors and the teams at the town hall, in particular the 'Green spaces' team for their participation. We are now going to start work on the committee's new recommendations.

Tourism is a means of economic development for our *Commune* and our region. The direct and indirect kick-backs are very important for our economy. We welcome visitors with pleasure during the months of July, August and September, but it would be interesting for everyone if the 'tourist season' lasted longer - even all year round.

Our objectives are still to preserve our quality of life, appreciating as much as possible the existing one while instigating new projects. We have strengths: a tradition of 'welcoming', high quality historical heritage, good schools and significant entrepreneurial, artisanal, commercial and associative structures. Welcome to all the new ones by the way!

We also commend a new association, JLB 'Together for you', which organised a great fun day on Saturday 13<sup>th</sup> June bringing together memories and 'pleasure from sport'. Six existing associations helped organise the event. We would like to thank the people in charge for allowing us to congratulate those sports people who've had a great sporting year. On this occasion we honoured a *Monflanquinois* 'champion of Europe' athlete – Patrice Marquis. Valerie Boisserie awarded him with a silver medal on behalf of the town of Monflanquin.

On Wednesday 1<sup>st</sup> July, a partnership contract was signed with the association ACTIOM, which negotiates health insurance deals within the framework of their scheme 'My *Commune*, my health". I thank Christine Gonzato-Roques and the CCAS for the successful outcome of this project, whose objective is to provide access to better health insurance cover for all residents of our *Commune*. Don't hesitate to come to the town hall for more information...

Welcome to all our visitors, old and new. We wish all tourism professionals 'a successful season' and 'a beautiful summer' to everyone!

**Nathalie Founaud-Veysset**  
**Mayor of Monflanquin**

## Social News

### Local health insurance scheme

As we announced in May's council newsletter, we've identified our health insurance service provider. On 1<sup>st</sup> July we signed a partner contract with the association ACTIOM.

So, thanks to the plan called "My Commune, My health", the young without work, the elderly, the farmers, the independents, the shop and restaurant owners, the unemployed, the seasonal workers, certain salaried people on CDDs and more largely, all people wishing to have access to or improve their health insurance cover, can benefit from this plan. The range of guarantees proposed and the rates should suit most people.

There will be a public meeting at 6pm on Wednesday 9<sup>th</sup> September in the *Salles des Fêtes*. General information will be provided by Thierry Chamaret from ACTIOM. Individual appointments can be arranged (Tél 05 53 36 40 05) for Wednesday 16<sup>th</sup>, 9am-5pm at the same venue.

Please note the Mairie is checking whether or not this top-up health insurance scheme is also open to 'foreign' residents who don't pay directly into the French social security system (e.g. retired British residents whose C.P.A.M. healthcare costs are charged back to the British government).

### The elderly and the road

Revise the drivers' code, test your knowledge, share your experiences.... all this is offered free of charge, 2.30pm-5.30pm on Tuesday 15th September in Monflanquin's *Salles des Fêtes*. The association organising the event is AGIR abcd, specialised in this type of animation. A friendship drink will close the workshop.

### Présence verte

For those who aren't already subscribed, *Présence Verte* (an emergency response service) is free during the summer months.

### The fire brigade is recruiting volunteers

Laurent Grafeille, the fire-station chief, and the people who manage "Amicale" (of which Christophe Capy is the new president), have alerted us to the decline in the number of fire men/women volunteers in Monflanquin. In essence, those leaving for retirement reasons or to live or work elsewhere aren't totally replaced.

So, we are launching a recruitment appeal. If you would like to help others, to master the actions that save lives, then join Monflanquin's volunteers. If you are interested, contact the chief fireman on 06 74 35 46 89.

**Thank you in advance for your commitment to helping us all!**

## The fire siren no longer 'rings'

In line with the recommendations from the Lot et Garonne Fire and Emergency services division, the fire siren now only rings at midday on the first Wednesday of each month (to verify its good working order). We hope never to hear it at another time, because this would signify a major emergency warning, requiring everyone to shut themselves away in their home, in their workplace or a suitable nearby venue.

### **Alert signal:**

It's a modulated sound, increasing and decreasing, of three 1.41 minute sequences, separated by a 5 second silence. It cannot therefore be confused with the 1 minute test alarm diffused at midday on first Wednesday of each month.

### **What you need to do:**

The most efficient immediate action is to get yourself under cover. This means you wait for help to arrive under the best conditions.

### **At the signal, you should:**

1. Without delay, get to a local shelter preferably without windows and if possible block the openings (doors, air-vents, chimneys, cracks).
2. Turn off the air-conditioning, heating and ventilation systems.
3. Listen to the radio: France Inter, France Info or the local radio.

### **What you mustn't do:**

- Stay in your car
- Go to fetch children from school (the teachers are in charge of their security)
- Telephone (the networks must stay free for the emergency services)
- Stay close to windows
- Open windows to know what's going on outside
- Light a flame (risk of explosion)
- Leave your shelter without advice from the authorities

## *A word from the minority*

160,000 euros wasted!!! That's the amount written into the 2015 budget for the development of a road from the entry of the residential estate to the entry of the stadium. It's difficult to understand the new council team's motivations for choosing this 'first project'. We asked the question and the reply was "it's an electoral promise".

To develop a pedestrian footpath along the departmental road to join the stadium (when footpaths already exist on the housing estate) to create a path no longer or more secure.....

More than 15% of our taxes for this work! Even if we take out a loan to prolong the debt, it will still need to be paid off. Haven't they anything else to do?

**Valérie BOISSERIE, Francis BORDES, Eric SARRAZI, Patrick WEICK**

## Local roads and paths

After a very big 2014 campaign to put roads back into good condition, we're continuing with the work in the same way using the same principles:

- Prioritise the public roads and paths eligible to be transferred to the charge of the *Communauté de Communes* once they are in good condition.
- Prioritise the *Communauté des Communes* road services team to carry out the work.

Projects for 2015, for a total of 88,000 euros, include:

- la voie de Castelfranc : 700m
- la voie "Labarthe/Labanie" : 1600m
- le chemin de Larouquette : 300m

Two adjoining roads in the Communes de Lacaussade and Paulhiac

- le carrefour de Souque : 300m
- le chemin de Fournel : 200m

A little reminder: we own more than 35km of public roads (the fifth largest *Commune* in terms of area in the Lot et Garonne).

**Thank you to the entire technical services employees who work hard for everyone's well-being and to improve our living environment.**

## **Very sporty Monflanquin!**

**The first 'Patéliades': A very successful day. Well done and thank you.**

**The JLB 'Together for you' association organised its first 'Patéliades' on 13<sup>th</sup> June.**

25 teams of ten people faced one another in sport all day long during six events: basketball, football, rugby, fire brigade course, relay races and bumper ball games. The competition was followed by a meal in the evening and a large-screen live showing of the Top14 rugby match final. To end this magnificent day, everyone was invited to launch a Chinese lantern. A day of homage for Jean Luc Boisserie - sportive and sociable, just like him.

**The founder associations of the new association JLB 'Together for you'**

The following six associations have together formed this new association: Monflanquin's rugby, horse-riding, football and athletics clubs, the Monflanquin fire-fighters social club and Boudy de Beauregard's basketball club.

**A town-hall team**

A team registered under the name PBEMF (Plus belle Equipe Municipale de France = Most beautiful council team in France) quickly re-baptised "Mairie" battled courageously all day. It was by far the oldest team. Result: two twisted ligaments and a third from bottom place.

## **Monflanquin - champion territory**

This special sports day provided the perfect opportunity for the Mayor to honour Monflanquin's champions:

**Running** - Patrice Marquis, European veteran champion in Grosseto (Italy). 12km run in relays (3 x 4km) with his two co-team runners from Aveyron.

**Table tennis** - Mylène Leon, Lot et Garonne champion and 3<sup>rd</sup> in the Aquitaine region, trained by Delphine Courtois.

**Clay pigeon shooting** - Inclusion of Lionel Auroux in the national cadet-junior team.

**Rugby** - The 4-cantons junior team: semi-finalists in the 'Piliponeau' French junior championships and champions of the Périgord-Agenais league. Amongst the players, three *Monflanquinois* (Yacine BERINI, Paul BRIFEILLE, Lilian CHATELAIN).

**UNSS Rugby (Joseph Kessel secondary school)**

French rugby league vice-champions, trained by Francis Andrac. With Damel DIAKHATE, Lilian DELACROIX, Alexis MATTON, Benjamin MAZET, Léo REIGNE, Robin COUPE, Richard DUMAS-FAUCHE, Ugo SALVIONI, Florian LAVELLE, Tom BONIS, Rocco KING, Ludovic CASSAN, Théo RODES.

We should note that Monsieur Sayegh, the secondary school headmaster, received a letter from the Education Authority congratulating the Monflanquin pupils on their performance and behavior during this competition.

## “Challenge sport” - Sunday 6th September

As usual, the Monflanquin athletics club will be organising the *Fouleées Monflanquinoises* running event (its eighth one) in the morning. Three circuits will be proposed: a cross country race (with a 10km or 20km option) starting at 9am, a walking circuit (10km) starting at 9.10am and a children’s race (1km), starting at 11.15am. Cyclo47 has planned a cycling tour.

In the afternoon, all the local sports clubs will present their sports to allow both little ones and adults to discover the different sports (football, rugby, French boxing, judo, tennis, table-tennis, basketball, hand-ball, gym, athletics, para-gliding...) around Monflanquin.

In parallel, throughout the day, the primary school parents’ association (*Recreation*) will manage their usual *vide-grenier* and refreshments stand.

**We hope you’ll be there in numbers!**

### ‘Form Loisir’ gymnastics club

The club has received a trophy from the UFOLEP (the Gymnastics federation) to recognise its development over recent years. Today it has 150 children registered as members.

### USM rugby – ‘Federal 3’ league

Monflanquin’s rugby club has been unanimously nominated the most ‘fair-play’ club in the ‘Federal 3’ league.

### Monflanquin Tennis club (TCM)

The Monflanquin tennis club has existed for a number of years. These last years we’ve known a new interest in playing tennis, with a lot of registered members divided between the tennis school (40 children coached by the teachers at the club) and the adult teams (1 women’s team and 3 male teams). In total, more than 120 registered players. The adult teams participate each year in the two championships organised by the committee and the league (The Winter Cup and The Guyenne Cup). The juniors, for their part, participate in the Galaxy Tennis tournament. The Monflanquin Tennis Club is doing well, but it would like to recruit more young people.

This year, the club organised a tennis tournament in Monflanquin, following a 15-year pause. This took place from 6<sup>th</sup> to 21<sup>st</sup> June. It was a great success with a number of participants. In the singles category, club member Anne Jacquot won the tournament. Once again, the club thanks the Monflanquin council for its support.

## “France is running” in Monflanquin

Since 1986, an original sports competition has taken place across the country – the longest relay race in France. Every July for the past 30 years, ‘France en courant’ enables running teams to do a ‘big loop’. This year, Monflanquin has been chosen as a stop-off village (The stage La Rochefoucauld to Monflanquin is 191.5km). The Monflanquin athletics club has organised for a team to run half of this stage to show support for the 14 teams running the full loop across France.

Come along on Monday 20th July to applaud these sports men and women. The anticipated arrival time is 4.30pm on the Place de Arcades.

**Welcome to all the runners and good luck!**

### Concert evening

On Saturday 26<sup>th</sup> September at 8pm in the *Salle des Fêtes*.  
Organised by the association "De l'Un à l'Autre".

## Cinema in Monflanquin

Five films have been shown since the contract was signed between our *Commune*, L'Ecran Livradais and The GEM to show a film every month (on Friday evenings), in the Salle des Consuls.

"The Famille Béliier" started the cycle. It was a real family night - a well-packed theatre willingly laughed and cried and when the lights came back on, the emotion was still tangible. The Jamel Debbouze comedy "**Why I did (not) eat my father?**" enjoyed the same success. The more serious films "**Once in a lifetime**" and "**Timbuktu**" also generated a lot of emotion within the audience. A total of 300 people have attended to cinema sessions. After the holidays, from Friday 9<sup>th</sup> October, the monthly films will start again.

**But, there will be cinema in Monflanquin this summer! Two open-air films will be shown.....**

- **On Friday 14th August**, to open the medieval festival, the historical epic film "Michael Kohlhaas", starring Mads Mikkelsen, will be projected on the Cap del Pech at 9.30pm.
- **On Saturday 29th August** at 9.30pm on the main square, the fairytale comedy 'La Belle Verte' by Coline Serreau. The film-maker, who wrote the original version of 'Three Men and a baby', will be present to talk about her film and meet her public.

## Key events in September

### National heritage days: 19th-20th September

#### Proposed by POLLEN

- At 3pm at POLLEN, 25 rue Ste Marie. Last days of the "52° sud" exhibition.
- At 4pm in the Salle des Consuls. Meet Florent Mazzoleni, one of the organisers of the exhibition, photographer and collector of African art, who will talk about his meeting with Sory Sanle.
- At 5pm in the Salle des Consuls, showing of "Nord-Sud.com" a documentary film by François Ducat. The Internet has revolutionised the relationship between people and the continents.
- At 7pm in the Salle des Consuls, showing of "Mokoomba - from one riverbank to the other", a documentary film by François Ducat & Frank Dalmat. Following the 'journey' of Mokoomba, the film questions the relationship between culture and durable development in Africa.
- At 8pm in the Salle des Consuls meet François Ducat, producer of "Mokoomba".
